

# US 181 HARBOR BRIDGE PROJECT

## Monthly Status Report

Toll Free: 1.877.227.4144 • Public Information: [publicinformation@harborbridgeproject.com](mailto:publicinformation@harborbridgeproject.com)

JUNE 2016

### Harbor Bridge Project launches new website, social media channels

Want to learn more about construction of the new Harbor Bridge? A new project website, launched in May, is the "go-to" place to find information related to the nearly \$900-million US 181 Harbor Bridge Project. The website, [harborbridgeproject.com](http://harborbridgeproject.com), is managed by the design/build firm, Flatiron/Dragados, LLC, who were hired by the Texas Department of Transportation to construct the new bridge.

Site visitors will have the opportunity to view the latest news related to the construction of the bridge, including traffic updates and worksite maps. The site also includes employment information, Project FAQs, and a contact form that members of the public can complete if they have questions or concerns regarding construction. Additionally, a Harbor Bridge Project Facebook page and Twitter account have been established....so like us on Facebook and follow us on Twitter!
