TRAFFIC ADVISORY

For Immediate Release

April 1, 2019

Upcoming Harbor Bridge Project lane reductions to affect Leopard Street

Lane reductions are expected to last until the end of the year

CORPUS CHRISTI – As part of the construction related to the Harbor Bridge, Leopard Street will be reduced to one lane in each direction between Lester Street and Mexico Street. The lane reductions will go into effect Monday, April 15, 2019 and will last until December 31, 2019. The lane reductions are necessary to construct bridge footings in this area. All work is weather permitting.

Motorists are urged to be aware of the lane closures, to consider using alternate routes, to follow all traffic control devices, and to slow down in the work zones.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
