TRAFFIC ADVISORY

For Immediate Release

June 20, 2019

Upcoming Harbor Bridge Project closures to affect IH 37

Closures to affect main lanes of IH 37 between Crosstown Expressway and Tancahua Street

CORPUS CHRISTI – Various nightly lane closures on IH 37 main lanes will take place between SH 286 (Crosstown Expressway) and Tancahua Street beginning Thursday, June 20, 2019 through July 31, 2019 as part of the Harbor Bridge Project. Intermittent nightly closures affecting the northbound and southbound main lanes of IH 37 will not last more than 24 hours. Frontage roads will remain open. All work is weather permitting.

The lane closures are necessary to construct the new Staples Street Bridge.

Motorists are urged to be aware of the lane closures, to consider using alternate routes, to follow all traffic control devices, and to slow down in the work zones.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
