TRAFFIC ADVISORY
For Immediate Release
October 7, 2023

Upcoming Harbor Bridge Project nightly closures to the connector ramp from northbound SH 286 (Crosstown Expressway) to northbound IH 37.

Nightly ramp closures to be in effect October 10 – 13

CORPUS CHRISTI – Beginning Tuesday, October 10, from 9 pm until 6 am, nightly through Friday, October 13, the connector ramp from northbound SH 286 to northbound IH 37 will be closed. The closure is necessary to install overhead permanent metal decking. Do not be alarmed by the welding light show.

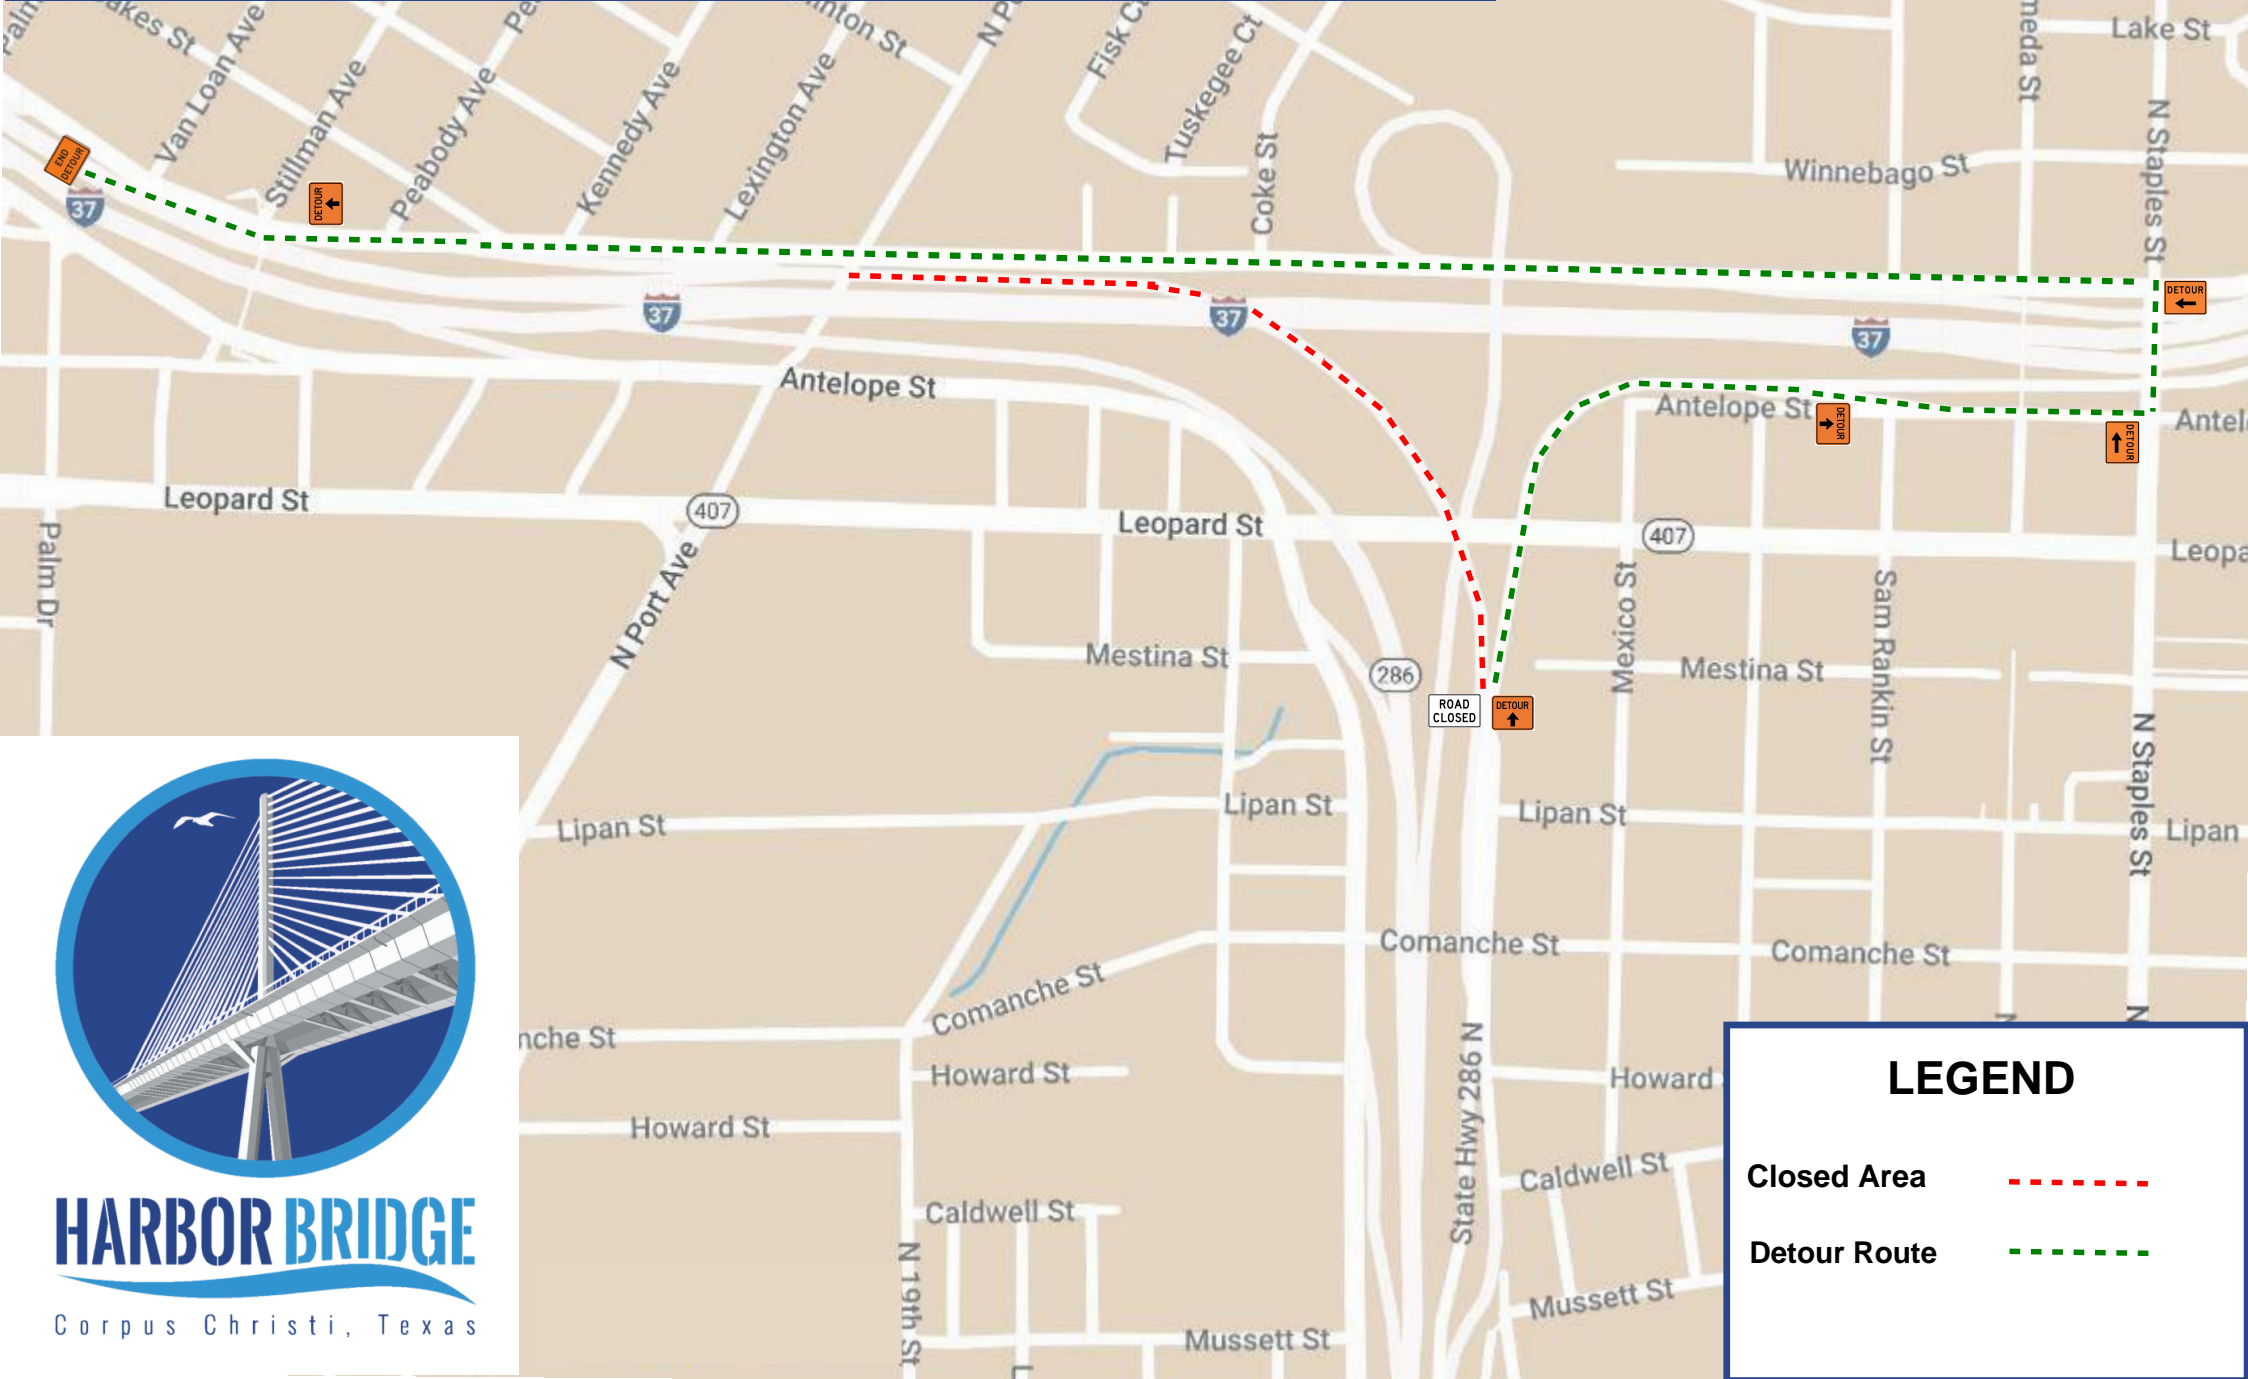

Motorists heading northbound on SH 286 to northbound IH 37 will follow the detour to Staples Street, turn left on Staples Street, and turn left on the Martin Luther King Drive frontage road to enter IH 37 at the Stillman Avenue on-ramp.

A detour map is attached to assist with navigating the alternate route.

Motorists are urged to be aware of the ramp closure, consider using alternate routes, follow all traffic control devices, and to slow down in the work zones. All work is weather permitting.

For information about current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
