TRAFFIC ADVISORY

For Immediate Release

April 9, 2024

New Harbor Bridge Project traffic alignment will affect I-37, and northbound SH 286

Alternating mainlane closures needed weekend of April 12 – 14 to implement improved traffic flow

CORPUS CHRISTI – Closures this weekend will usher in a new, permanent traffic alignment associated with the Harbor Bridge Project that will improve traffic flow for motorists traveling on I-37, US 181, and SH 286.

Beginning at noon Sunday, April 14, the new traffic pattern will allow northbound motorists on SH 286 (Crosstown) to connect to northbound US 181 and continue toward Portland or to connect with I-37 toward downtown Corpus Christi and the bayfront. Directional signs will be in place to assist commuters with the new configuration. Traffic connecting from northbound SH 286 to westbound/northbound I-37 will not be affected.

To implement the new traffic alignment, these closures will be necessary this weekend:

- **Friday, April 12, 9 PM to Saturday 5 PM (Phase 1):** Northbound SH 286 mainlanes will be COMPLETELY CLOSED at Comanche Street. All northbound mainlane traffic will be reduced to one lane, diverted to the Comanche Street exit, and continue in a single-lane detour to access I-37 and US 181. Despite the temporary detour being in place, major delays are still expected, and motorists are encouraged to plan and take alternate routes. A suggested detour map is attached.
- **Saturday, 6:00 AM to noon Sunday (Phase 2):** Eastbound/southbound I-37 will be COMPLETELY CLOSED at the SH 286 interchange. All eastbound/southbound mainlane traffic will be reduced to one lane and diverted to the southbound SH 286 direct connector. Motorists wishing to access US 181 will U-turn at Tarlton Street. A suggested detour map is attached.

All work is weather permitting.

Motorists are urged to be aware of the closures and detours, consider using alternate routes, follow all traffic control devices, and to slow down in the work zones. For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.

LEGEND

-  **ALTERNATE ROUTE:**
Motorists can take SH 358 to NB and SB IH 37
-  **CLOSED:**
All NB SH 286 mainlanes from Comanche St to IH 37

HARBOR BRIDGE
Corpus Christi, Texas

LEGEND

- CLOSED:**
All SB IH 37 traffic
from Port Ave to
Staples St
- For SB IH 37, US 181
