TRAFFIC ADVISORY

For Immediate Release

September 5, 2024

The Harbor Bridge Project announces paving operation to install the final surface layer along I-37 mainlanes from Buddy Lawrence Drive to Staples Street. Intermittent lane closures will occur.

Permanent asphalt paving to begin September 11, 2024

CORPUS CHRISTI – Beginning Wednesday September 11, and continuing for about four weeks, paving convoys will be in place along I-37 mainlanes and frontage roads to begin installing roadway surface layers from Buddy Lawrence Drive to Staples Street. Frontage roads and mainlanes will be intermittently reduced to one lane as the operation progresses. This final step to complete the roadways marks a significant milestone towards improved connectivity around the South Interchange.

Commuters are urged to be aware of traffic control devices, flaggers, reduced lanes, and slower moving traffic along the frontage roads and mainlanes. All work is weather permitting.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
