TRAFFIC ADVISORY
For Immediate Release
June 9, 2026

Upcoming Harbor Bridge Project temporary mainlane reduction and shoulder closure to affect southbound US 181 commuters on the Harbor Bridge.

Temporary southbound US 181 mainlane and shoulder closures will be in effect at night only on June 11.

CORPUS CHRISTI – On Thursday, June 11, from 9 pm until midnight, southbound US 181 over the Harbor Bridge will be reduced to one outside mainlane. The temporary lane closures are necessary to access equipment on the North Tower.

All southbound commuters on the Harbor Bridge will merge right into a single travel lane.

Traffic control devices will be in place to alert commuters of the mainlane and shoulder closures.

Motorists are urged to be aware of slow-rolling traffic, follow all traffic control devices, and to slow down in the work zones. All work is weather permitting.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
